

for some,

BOOKS ARE EVERYTHING

Nothing is more crucial than literacy. Promote it by bringing age appropriate books for donation to Neighborhood House, a local community-based organization that provides individuals with opportunities to enhance the quality of their lives in the Portland neighborhood of Louisville, KY. The Portland neighborhood is located in one of Louisville's most disadvantaged areas, and the Neighborhood House has expressed a need for books appropriate for middle-school-aged children. All Sigma Tau Delta and Sigma Kappa Delta chapters are encouraged to bring books to the Annual Convention and to make a lasting impact on this city. A \$100 donation will also be given in the name of the chapter that makes the most substantial contribution.

donate.
